

ANNOUNCEMENT

1. The Final exam in Physics 210A will be held on Tuesday, June 09, during the period 11:30 am - 2:30 pm in the Mayer Hall Addition, Room 2623.

The coverage for this exam will be --- all that has been transacted in the class from lecture A to lecture Z, including the HW- assignments 1- 4 as well as the Midterm exam of May 05.

2. The Final exam will also be a "closed-book" one --- however, you may bring with you a "cheat-sheet" of standard size, 8.5 *in* by 11 *in*, on BOTH sides of which basic formulae relevant to the subject-matter of this course may be written. Please note that this sheet should contain ONLY formulae (which may be of a physical or mathematical nature) but NO derivations at all --- and remember that you are supposed to submit this sheet alongwith the exam!
3. You are also supposed to bring with you a Blue Exam Booklet. However, if you choose to bring 'loose sheets' instead, then please see to it that they are stapled together before they are turned in.
